| | Itemized Materials/Services/Labor quote uploaded at attachment to application |
| | Acknowledgement of discussion with local utility in application |

*

Buy America Requirements: Certain projects under this program are subject to the Buy America Sourcing requirements under the Build America, Buy America (BABA) provisions of the [Infrastructure Investment and Jobs Act \(IIJA\)](#) (P.L. 117-58, §§7091170917) when using Federal funds for the purchase of goods, products, and materials on any form of construction, alteration, maintenance, or repair of infrastructure in the United States. The Buy America preference applies to all of the iron and steel, manufactured products, and construction materials used for the infrastructure project under an award for identified [EPA financial assistance funding programs](#). Please consider this information when preparing project and budget information.

Under BABA, a Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. **On-highway vehicles/engines and non-road engines/equipment funded by this program are not considered “infrastructure.”** The following potentially eligible projects under this competition meet the definition of “infrastructure” and are subject to Buy America preference requirements under BABA:

- Structures, facilities, and equipment that generate, transport, and distribute energy - including electric vehicle (EV) charging equipment
- Any other permanent public structure that meets the infrastructure definition in [M-22-11](#).

If you have questions about the information above or completing the application, please e-mail daq.msrb.ncdaqgrants@deq.nc.gov.
