

Public notice for the 2021-2022 Annual Monitoring Network Plan Addendum 1

Event Description

Notice of Public Comment Period: April 9, 2022 – May 10, 2022

Changes to the Asheville-Buncombe Air Quality Agency's (ABAQA) Board of Education Site during 2022 will be available for public comments from April 9, 2022 to May 10, 2022. The U.S. Environmental Protection Agency (EPA) has offered the ABAQA a collocation shelter for sensors to install at the Board of Education site. For the collocation shelter to be accessible to the public, the regulatory monitors will need to be relocated off of the roof onto the ground. This proposed change is required to be published for a 30-day public comment period and submitted to the U.S. Environmental Protection Agency (EPA) for concurrence.

Information: The 2021-2022 Ambient Air Monitoring Annual Network Monitoring Plan Addendum 1 will be posted for 30 days on the division's website starting on Friday, April 8, 2022. People who are unable to access the document via the website may contact Patrick Butler using the contact information below to make arrangements to review it or obtain a copy.

Comment Procedures: All persons interested in these matters are invited to comment. Email comments to DENR.DAQ.Ask_Ambient@lists.ncmail.net or mailed to:
