

1 **15A NCAC 07J .1403 COMPLETE CAMA MAJOR PERMIT AND DREDGE AND FILL**
2 **APPLICATIONS**

3 (a) Processing for a Major Permit or Dredge and Fill Permit application, or a modification to a Major Permit or
4 Dredge and Fill Permit application shall begin when an application is accepted as complete. Permit applications
5 shall be in the form and include the content required under this Subchapter. Applications not in compliance with this
6 form and content shall not be considered complete and the processing time specified under G.S. 113A-122(c) or
7 G.S. 113-229(e) shall not commence.

8 (b) Before an application is accepted as complete, the requirements as listed in Subparagraphs (1) through (5) of
9 ~~this~~ the Paragraph shall be met. Any application not in compliance with these requirements shall be returned to the
10 applicant along with a notification explaining the deficiencies of the application.

11 (1) a current application form shall be submitted and can be found at

12 <https://ncdeq.dynamics365portals.us/dcm-home/>. The application form shall contain:

13 (A) application type (Major or modification)

14 (B) name of entity, or first, middle, and last name(s), referenced on deed or other instrument
15 under which ownership is claimed;

16 (C) phone number and email;

17 (D) physical address of the site of the proposed development and mailing address for the
18 applicant;

19 (E) project type and location;

20 (F) authorized agent authorization form and contact information for agent;

21 (G) description of existing conditions and development on the project location including lot
22 size, shoreline length, vegetation, and erosion details;

23 (H) total amount of land-disturbing activity, as defined in G.S. 113A-52(6), in the AEC
24 measured in acres or square feet resulting from the proposed development;

25 (I) applicable dimensions of proposed development activity including quantity, length,
26 width, elevation, slope, area, volume, distance waterward of Normal Water Level or
27 Normal High Water Level, average existing depth, proposed final depth, impervious
28 coverage, and sediment characteristics;

29 (J) applicable erosion and sedimentation control measures, fill source and environmental
30 mitigation efforts for the proposed development activity;

31 (K) general information concerning the use of the proposed development activity, including
32 boat type and length, proximity of structures to adjacent properties and other structures,
33 and waterbody width;

34 (L) type of proposed impacts and dimensions ~~(i.e.~~ (NOTE: shading, filling, excavating) to
35 coastal
36 wetlands, submerged aquatic vegetation, shell bottom, non-coastal wetlands, and open
37 water from the proposed development activities;

(M) project narrative as described in 15A NCAC .07J .1402; that includes a brief description of the project and any previous or active State or federal permits issued on the property; and

(N) acknowledgements to be attested to before submitting the application;

(i) I understand that any permit issued in response to this application will allow only the development described in the application. The project will be subject to the conditions and restrictions contained in the permit;

(ii) I certify that I am authorized to grant, and do in fact grant permission to representatives of State and federal review agencies to enter on the aforementioned lands in connection with evaluating information related to this permit application and follow-up monitoring of the project;

(iii) I certify that the information provided in this application is truthful to the best of my knowledge; and

(iv) I certify that by clicking the submit button on this NC Division of Coastal Management application I acknowledge that I am signing and dating the application submitted therein.

(2) work plan as described in 15A NCAC 07J .1401 shall be attached to all CAMA Major development or Dredge and Fill permit applications;

(3) a copy of a deed or other instrument under which the applicant claims title shall accompany a CAMA Major Permit or Dredge and Fill Permit application, or a modification to a Major Permit or Dredge and Fill Permit application;

(4) notice to adjacent riparian landowners of a CAMA Major Permit applicant shall be given as follows: Certified return mail receipts (or copies thereof) indicating that adjacent riparian landowners (as identified in the permit application) received a copy of the application for the proposed development for a CAMA Major development and/or Dredge and Fill Permit application. Said landowners have 30 days from the date of notification in which to comment. Such comments shall be considered by the Department in determining if any aspect of the proposed development is inconsistent with CRC rules, in reaching a final decision on the application.

(5) the fee as detailed in 15A NCAC .07J .1405(b).

(c) A modification to a Major Permit or Dredge and Fill Permit or permit application shall be processed in accordance with the procedures outlined in G.S. 113A-119(b).

History Note: Authority G.S. 113A-107(b); 113A-120(a)(2); 113A-119(a) and (b); ~~113A-124(a)(1); 113A-124(a)(1).~~
