

2025-2026 GRANT SNAPSHOT

DIVISION OF COASTAL MANAGEMENT

PUBLIC BEACH AND COASTAL WATERFRONT ACCESS PROGRAM

TOTAL # OF PROJECTS AWARDED: 10

TOTAL GRANT FUNDS AWARDED: \$2,203,023

Local Government	Project	Grant Amount
Atlantic Beach	New Bern St. Public Access Improvements - This project will remove the existing dune crossover and rebuild 381 linear feet of the 6' walkway with treated wood structure and Trex decking and handrails to provide access to the Atlantic Ocean.	\$115,200
Beaufort (Town)	Ann Street Park Water Access Project - This project will create an access site at the west end of Ann Street featuring an observation deck, greenspace, a picnic area and rain gardens while preserving existing open vistas, and improving stormwater drainage.	\$120,000
Belhaven	Belhaven Harbor Park Expansion - This project will acquire 0.74 acres to expand Belhaven Harbor Park. The property is approximately 300 feet deep and sits on Pantego Creek. Recent site improvements include a new bulkhead and a 200-foot dock.	\$540,000
Bertie County	Tall Glass of Water Beach Access Enhancement (Phase II) - This project will provide safe, maintenance-free access to the beach by constructing a solid surface, ADA-accessible 12-foot by 440-foot path, and expanding the existing public beach by planting vegetation to stabilize the base of the bluff.	\$80,000
Cedar Point	Boathouse Creek Park Bathroom Facility (Phase II) - This project will add three ADA-accessible bathrooms and associated accessible parking to support and enhance usage of the Town's existing water access site at Boathouse Creek Park.	\$305,000
Nags Head	Hargrove Street Public Beach Access Improvements - This project will replace an existing bathhouse and dune walkover. The existing bathhouse, decking, emergency vehicle ramp, all wooden stairs and walkways, trash cans, fencing, three shower stations, and signage will be removed and replaced.	\$400,000

Local Government	Project	Grant Amount
New Hanover County	Trails End Waterfront Access - This project will install a new kayak launch, ADA parking, and an ADA sidewalk to the existing pier, along with additional signage. The work will be completed concurrently with bulkhead repairs.	\$265,000
Ocean Isle Beach	Shallotte Blvd Beach Access - This project will replace a non-ADA dune crossover. The new access will be widened to eight feet wide and be made to comply with ADA requirements. The stairs will be replaced with wheelchair accessible ramps.	\$82,500
Swansboro	Main Street Dock - This project will demolish and rebuild an existing pedestrian, fishing, and dinghy day dock at the end of Main Street, along the downtown waterfront area south of the White Oak River Bridge. The new docks will be built within the footprint of the existing facility.	\$127,623
Vandemere	Reel Access for All: Establishing an ADA Compliant Fishing Pier - This project will construct a new ADA-compliant fishing pier approximately 80 to 100 feet long and 9 feet wide. It will be located at the end of North First Street and provide access to the Pamlico River.	\$167,700

2024-25 GRANT SNAPSHOT

DIVISION OF COASTAL MANAGEMENT

PUBLIC BEACH AND COASTAL WATERFRONT ACCESS PROGRAM

TOTAL # OF PROJECTS AWARDED: 16

TOTAL GRANT FUNDS AWARDED: \$3,026,606

Local Government	Project	Grant Amount
Atlantic Beach	Beaufort Avenue Improvements, Reconstruct the existing wooden walkway using treated wood and resurfaced with trex decking, new trex handrails will also be added. Additionally the walkway will be extended oceanward.	58,243
Atlantic Beach	Greenville Avenue Improvements, Reconstruct the existing wooden walkway using treated wood and resurfaced with trex decking, new trex handrails will also be added. Additionally the walkway will be extended oceanward.	60,574
Carolina Beach	1810 Canal Drive Site Improvements, Construction of a parking lot with handicap accessible parking spots, and construction of a 6' x 150' ADA compliant wooden walkway allowing access from parking area to beach strand.	132,322
Carteret County	Straits Water Access, Construction of 33 paved parking spaces with 2 handicap accessible spaces at the old Harker's Island Bridge Site. The project also includes the addition of a picnic shelter on the island that currently houses the fishing pier.	225,000
Carteret County	West Beaufort Water Access, Improvements including walkways connecting the existing amenities to the Town of Beaufort's sidewalk system, improvements to the kayak launch area, and additional parking for the boat ramp.	300,000
Dare County	Old Lighthouse Beach, Buxton NC, Construction of new restroom and shower facilities. The prefabricated, concrete restroom facility will be built to be vandal resistant and designed to withstand flooding, wind, and rain. The shower facilities will be constructed by National Park Service staff.	114,010

Local Government	Project	Grant Amount
Elizabeth City	Causeway Park Restoration, Replacement of dilapidated pilings and boardwalk along the park's current span; addition of a kayak launch and connecting boardwalk segment; replace of the current observation decks and fishing pier; and installation of a concrete pad sufficient to provide two handicapped-accessible parking spaces.	378,000
Indian Beach	Ocean Club Neighborhood Boardwalk Replacement, Full site improvement/replacement, the entire length of the boardwalk would be replaced and reconstructed to current guidelines and regulations. The boardwalk is 635 ft long and 5ft wide, the new plans for the boardwalk include the reconstruction of the original walkway and a 10ft X 10ft observation deck overlooking the beach.	179,863
Kill Devil Hills	Hayman Blvd Beach Access, Construction of a dune crossover on the oceanfront. The walkway will be elevated to traverse the growing dune system at this site. Hayman Boulevard currently has a improved parking, rinse showers and temporary restroom facilities on the west side on NC12.	77,928
Manteo	Roanoke Marshes Lighthouse , Replacement of the decking on the pier leading to and surrounding the Roanoke Marshes Lighthouse replica located in Shallowbag Bay. The 261 foot pier has a 3" thick by 6" wide timber cut into 10' lengths for it's deck. The replacement pier deck will consist of the same specifications. The decking around the lighthouse is currently 5/4" thick by 6" wide and will be replaced with 2" thick by 6" wide timber to provide beter longevity.	95,738
Morehead City	10th Street Site Improvement and Sustainability, The proposed project has two major components: (i) Removal and reconstruction of the western dock to include and improve ADA accessibility, stabilization, and site protection features, and; (ii) Installation of nature-based resiliency feature, a Living Shoreline, to further reduce and disable wave energy to the northern shoreline and site structures	205,084
Nags Head	June Street Public Beach Access Improvements, Construction of an approximately 6' wide, 1,650 sf. ADA accessible wooden dune walkover, a sixteen-foot octagonal gazebo and an upgraded shower-station and lamp post. The current site contains elements that will remain including 12 permeable parking spots, two ADA-accessible parking spaces, a trash can, bike rack, custom bench, dog bag station, porta-john, lamp post and a dedication post to Todd Krafft with a red mailbox.	207,669
Oak Island	SE 31st Kayak Launch, Remove the current kayak launch and utilize it at the street end access of NE 52nd St and E Yacht Dr on the intercoastal Waterway. The new ADA compliant kayak launch will consist of a 3 feet by 12 feet safe launch, 4 feet by 12 feet open slip, an ADA transfer platform and new aluminum gangway.	32,000

Local Government	Project	Grant Amount
Ocean Isle Beach	Concord St, The existing beach access terminates within the dune system and measures 60 feet in length and six feet in width. The Project will extend the access from its current location and result in it terminating roughly even with the frontal dune. This will add approx. 70 feet from where the access currently ends. The stair system will be replaced by a wheelchair accessible ramp. The access will also be widened to 8ft across and have engineered x bracing supports. The total length of the access will be roughly 225 feet.	54,000
Sunset Beach	Majestic Oaks Park, Construction of approx. 1000 linear foot pervious walkway, and approx. 460 linear foot boardwalk and a wildlife observation area. A proposed PARTF grant submission is requesting assistance with an additional 442 linear foot boardwalk which will connect to the requested access grant section and will lead to a canoe/kayak launch, a second wildlife observation platform and fishing areas over the intercoastal waterway.	392,175
Topsail Beach	Topsail Beach South End Acquisition, The town is partnering with the North Carolina Coastal Land Trust (NCCLT) and the Division of Coastal Management to purchase in fee title a 149+acre property located along Inlet and Shoreline Drives in Pender County, NC. Town requests a \$350,000 grant to purchase 1.5-acres of the property for public access. NCCLT will purchase the 149+acre property and immediately transfer 1.5-acres to the Town. The remaining acres will be transferred to the State of North Carolina.	350,000

2023-24 GRANT SNAPSHOT

DIVISION OF COASTAL MANAGEMENT

PUBLIC BEACH AND COASTAL WATERFRONT ACCESS PROGRAM

TOTAL # OF PROJECTS AWARDED: 12

TOTAL GRANT FUNDS AWARDED: \$2,812,872

Local Government	Project	Grant Amount
Carolina Beach	Canal Drive Acquisition, Acquire three adjacent parcels on the north end of Carolina Beach to combine into one parcel to provide parking and ADA access to the beach and Freeman Park.	\$600,000
City of Washington	Washington Wetlands Boardwalk Reconstruction Phase III, Replace the remaining 500 ft. of the boardwalk along the Pamlico River.	\$800,000
Holden Beach	Block Q Development, Creation of new restrooms and parking for beach access, boatramp and public entertainment area. Project includes landscaping and stormwater improvements.	\$420,000
