

NC Coastal Resources Advisory Council
September 14, 2022
Holiday Inn
Wilmington, NC
Meeting Summary

Attendance

Spencer Rogers (Co-Vice Chair)
Jett Ferebee
Debbie Smith

Daniel Brimm
Kris Noble
Dave Weaver

Call to Order

Spencer Rogers called the meeting to order with six members in attendance.

Ocean Fishing Piers-Rules and Status

Staff presented the status of all ocean fishing piers in the State including whether the piers provided public access for fishing and what facilities the piers included (restaurant, shops, etc.). Staff also discussed the current CRC rules that apply, specifically that ocean fishing piers shall provide public access for fishing and other recreational uses. Staff explained that a few ocean fishing piers currently do not provide public access for fishing due to hurricane damage or other repair needs. After discussion, the council concluded that there was no indication that fishing piers precluded fishing and no action was required.

Adjourn

With no further business the Council adjourned.
