

## *The Nomination Package Must Include:*

- Description should not exceed 3 typed pages, single spaced;
- up to 15 photographs (8 x12 inch) will be accepted; AND/OR a video tape or a power point presentation; and
- a detailed map of the project should be provided, with an appropriate scale and legend (in addition, aerial photographs would also be helpful).

## *Nomination Description:*

### **The Nomination Description should address the following:**

1. Describe the extent (acreage) of the work done and site specific techniques or Technologies employed (including specific problems, solutions and unusual circumstances).
2. Describe how the project:
  - Exceeds the spirit and intent of the law (compliance)
  - Exhibits contemporaneous reclamation / restoration
  - Exhibits effective water quality treatment (sediment control and drainage)
  - Meets or exceeds the post-mining land use
  - Utilizes innovative practices.
3. Describe the basis and highlights of the exemplary performance (including the on-site effectiveness of the work, the transferability or value of the accomplishments to other mining and reclamation operations, and the long term benefits to the landowner and local or regional community)

**\* NOTE: The nomination can be supplemented by other Information that may be helpful to the awards Selection Committee in its selection process. This should include pictures, brochures, example curriculum, project descriptions, newspaper articles, etc.**
