

Trout Buffer Waivers Fall 2008

County	Project Type	Stream Name	Acres	Total Buffer Impact Feet	Width reduction Feet	Date received RAI	Revisions received	Waiver Action	Action Date	Water Class
Alleghany	Stream Restoration	UT Crab Creek	27.9	4026	4026	6/4/2008	6/5/2008	8/29/2008 Approved	9/2/2008	C, Trout
Stream restoration project including the planting of forested buffers.										
Avery	Residential	Cranberry Cree	8.73	1424	1424	5/29/2008	6/13/2008	9/2/2008 Approved	9/4/2008	C, trout
Waiver allowed paving of existing gravel road, and required planting of native tree buffer and native grasses between road and stream.										
Buncombe	Sewer	Reems Creek	5	750	750	4/21/2008		9/17/2008 Approved	10/1/2008	C, Trout
Waiver allowed installation of sewer outfall in buffer where steep rock face precluded locating line outside of buffer. Impact reduced from 1461 feet to 750 feet.										
Caldwell	Institutional	Yadkin River	4.8	300	300	8/4/2008		Approved	10/10/2008	C, Trout
Waiver allowed greenway to be placed between creek and highway, where road was already near or in buffer zone.
