North Carolina Division of Water Infrastructure

Project Applicant: Johnston County
Date: July 26, 2018
Project Number: CS370560-16
Estimated Project Cost: \$5,931,000
Estimated Funding Amount: \$5,520,340

Project Description: The McGee's Crossroads Sewer Upgrade project includes the following improvements: replacement of pumps at the existing McGee's Pump Station to increase capacity from 180 GPM to 565 GPM and installation of approximately 20,150 LF of 8-inch FM to Middle Creek Pump Station; installation of 8,900 LF of 27-inch gravity sewer, 32 manholes, the new 1,000 GPM Middle Creek PS, onsite generator, SCADA, and electrical, valves, vaults, associated appurtenances, and 6,850 LF of 16-inch FM.

The above named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<http://portal.ncdenr.org/web/wi/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,

Anita E. Reed, P.E., Supervisor
Wastewater Projects Unit
Division of Water Infrastructure
