Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources
16 W. Jones Street
Raleigh, North Carolina 27601
Re: Report on the “Coastal Storm Damage Mitigation Fund (§143-215.73M)”

To Whom It May Concern:

As per §143-215.73M, annually the Department of Environmental Quality is required to provide a report (see attached) on the projects funded from the “Coastal Storm Damage Mitigation Fund.” The law appropriating these funds requires the Department make annual reports that include project type, project location, brief project description, entity receiving the funding, and amount of funding. Attached is the report including projects funded in FY 2019-2020, FY 2021-2021, FY 2021-2022, and FY 2022-2023. All projects listed in the attached table have executed contracts that, funds encumbered, and funds have either fully been distributed or been scheduled to be distributed. The CSDM has a \$1 non-state match requirement matching over \$71,000,000 in local funds for Coastal Storm Mitigation.

This report was prepared by Kevin Hart with the Division of Water Resources in the Department of Environment Quality. If you have questions about this report, please contact me by email at Kevin.Hart@ncdenr.gov or by phone at 919-707-3607.

Sincerely,

A handwritten signature in black ink that reads "Kevin Hart". The signature is written in a cursive style and is positioned above a light gray rectangular background.
