Research Division and House and Senate Appropriations
Committees on Agriculture and Natural and Economic
Resources**

***Report on Proposed Quadrennial Adjustment
of Certain Fees and Rates***

April 1, 2025

**Divisions of Coastal Management; Environmental Assistance and Customer Service;
Energy, Mineral and Land Resources; Waste Management;
and Water Resources**

NORTH CAROLINA DEPARTMENT OF ENVIRONMENTAL QUALITY

Pursuant to G.S. 143B-279.19

Overview

This report is submitted in accordance with General Statute § 143B-279.19. The statute directs that beginning July 1, 2025 and every four years thereafter, the Department of Environmental Quality (DEQ) shall adjust the fees and rates imposed pursuant to the following statutes: G.S. 74-54.1, G.S. 90A-42, G.S. 90A-47.4, G.S. 113A-54.2, G.S. 113A-119.1, G.S. 130A-291.1, G.S. 130A-294.1, G.S. 130A-295.8, G.S. 130A-310.9, G.S. 130A-310.39, G.S. 130A-310.76, G.S. 130A-328(b), G.S. 130A-328(c), G.S. 143-215.3D, G.S. 143-215.10G, G.S. 143-215.28A, G.S. 143-215.94C, G.S. 143-215.119, G.S. 143-215.125A, and G.S. 143B-279.13. The statute additionally directs submission of the proposed changes to various entities 90 days prior to the end of a fiscal biennium; in this case, the report is submitted for April 1, 2025. These requirements are fulfilled in the following report, which is the first report.

Section (a) of G.S. § 143B-279.19 reads as follows:

Beginning July 1, 2025, and every four years thereafter, the Department shall adjust the fees and rates imposed pursuant to the statutes listed in this subsection in accordance with the Consumer Price Index computed by the Bureau of Labor Statistics during the prior two bienniums. The adjustment for per transaction rates shall be rounded to the nearest dollar (\$1.00).

Section (c) of G.S. § 143B-279.19 reads as follows:

Notwithstanding any provision of G.S. 12-3.1 to the contrary, prior to implementing an adjustment pursuant to subsection (a) of this section the Department must, no later than 90 days prior to the end of the fiscal biennium, (i) consult with the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources, (ii) report the proposed fee adjustments to the chairs of the Senate Appropriations Committee on Agriculture, Natural, and Economic Resources, the chairs of the House of Representatives Appropriations Committee on Agriculture and Natural and Economic Resources, and the Fiscal Research Division, and (iii) publish notice of the fees that will be in effect in the offices of the Department and on the Department's website. After making the adjustment, the Department shall notify the Revisor of Statutes, who shall adjust the amounts in statute.

Calculating Changes to Fees and Rates

The relevant fees to be adjusted at their current and proposed amounts are listed below. Each fee would be adjusted by 18.6%, based on calculations supported by the Office of State Budget and Management to reflect the Consumer Price Index (CPI) from June of 2021 through June of 2025 to represent the two bienniums prior to July 1, 2025. The approximate CPI for June 2025 is projected based on the average response to the Wall Street Journal's quarterly Economic Forecasting Survey issued in January 2025. Based on existing statutory requirements, this adjustment would be applied to all fees imposed pursuant to the listed statutes, regardless of the last date of statutory change.

Given that several fees listed in G.S. § 143B-279.19.(b) were subject to statutory increases effective July 1, 2023, the Department recommends that adjustments to these fees are made based on that change rather than for the prior two bienniums, as would be required by a strict interpretation of the statute. Using the same method of calculation as above with a start date of June of 2023 and through June of 2025, these select fees would be adjusted by 5.6%.

Recommendations

DEQ recommends the adoption of the following fee schedule, pursuant to G.S. § 143B-279.19 and accounting for changes to fee amounts and structures effective July 1, 2023. The Department additionally recommends clarifying changes to the statute in the case where fees were adjusted by session law during the prior two bienniums. In the following fee schedule, fees increased, established, or restructured in 2023 are adjusted by 5.6%, rounded to the nearest dollar, and highlighted in blue.

The Department recommends the following clarifying change to G.S. § 143B-279.19.(a):

(a) Adjustment for Legislatively Mandated Salaries and Benefits. - Beginning July 1, 2025, and every four years thereafter, the Department shall adjust the fees and rates imposed pursuant to the statutes listed in this subsection in accordance with the Consumer Price Index computed by the Bureau of Labor Statistics during the prior two bienniums. The adjustment for per transaction rates shall be rounded to the nearest dollar-~~(\$1.00): (\$1.00).~~ If a fee or rate imposed pursuant to the statutes listed in this subsection was increased, established, or substantively restructured during the prior two bienniums, the Department shall make the adjustment in accordance with the Consumer Price Index computed by the Bureau of Labor Statistics based on the effective date of the change.

Statutory Reference	Program	Fee Type	Current Fee	Statutory Change	Recommended Change
74-54.1.(a)	Mining	New Permit Application - 0-25 acres	\$3,750	\$4,448	\$4,448

143-215.3D(c)(1)	Wastewater	Application and annual fees for consent special orders - Major Consent Special Orders initial fee	\$400	\$474	\$474
143-215.3D(c)(1)	Wastewater	Application and annual fees for consent special orders - Major Consent Special Orders annual fee	\$500	\$593	\$593
143-215.3D(c)(2)	Wastewater	Application and annual fees for consent special orders - Minor Consent Special Orders initial fee	\$400	\$474	\$474
143-215.3D(c)(2)	Wastewater	Application and annual fees for consent special orders - Minor Consent Special Orders annual fee	\$250	\$297	\$297
143-215.3D(e)(1)	Wastewater	Sewer System Extension Permits - application fee for new, extension or variance of system	\$600	\$712	\$634
143-215.3D(e)(2)(a1)	Stormwater Program	State Stormwater Permits - new or major modification based on the number of stormwater control measures (SCM) - one or less	\$1,000	\$1,186	\$1,056

Statutory Reference	Program	Fee Type	Current Fee	Statutory Change	Recommended Change
143-215.3D(e)(2)(a2)	Stormwater Program	State Stormwater Permits - new or major modification based on the number of stormwater control measures (SCM) - two	\$1,250	\$1,483	\$1,320
143-215.3D(e)(2)(a3)	Stormwater Program	State Stormwater Permits - new or major modification based on the number of stormwater control measures (SCM) - three	\$1,750	\$2,076	\$1,848
143-215.3D(e)(2)(a4)	Stormwater Program	State Stormwater Permits - new or major modification based on the number of stormwater control measures (SCM) - four or more	\$2,250	\$2,669	\$2,376
143-215.3D(e)(2b)	Stormwater Program	State Stormwater Permit - Minor modification	\$250	\$297	\$264
143-215.3D(e)(2c)	Stormwater Program	State Stormwater Permit - Renewal or transfer	\$750	\$890	\$792
143-215.3D(e)(2d)	Stormwater Program	State Stormwater Permit - combination renewal and transfer	\$1,500	\$1,779	\$1,584
143-215.3D(e)(2e)	Stormwater Program	State Stormwater Permit - new coverage under a general permit	\$700	\$830	\$739
143-215.3D(e)(3)	Wastewater	Major Water Quality Certifications. - The fee for a water quality certification involving one acre or more of wetland fill or 150 feet or more of stream impact	\$767	\$910	\$810
143-215.3D(e)(4)	Wastewater	Minor Water Quality Certifications. - The fee for a water quality certification involving less than one acre of wetland fill or less than 150 feet of stream impact	\$323	\$383	\$341
143-215.3D(e)(5)	Wastewater	Permit for Land Application of Petroleum Contaminated Soils. - The fee for a permit to apply petroleum contaminated soil to land	\$480	\$569	\$569
143-215.10G(a)(1)	Animal Waste Management Systems	Annual fee for a system with a design capacity of 38,500 or more and less than 100,000 pounds steady state live weight	\$60	\$71	\$71
143-215.10G(a)(2)	Animal Waste Management Systems	Annual fee for a system with a design capacity of 38,500 or more and less than 100,000 pounds steady state live weight	\$180	\$213	\$213

Statutory Reference	Program	Fee Type	Current Fee	Statutory Change	Recommended Change
143-215.10G(a)(3)	Animal Waste Management Systems	Annual fee For a system with a design capacity of 800,000 pounds or more steady state live weight	\$360	\$427	\$427
143-215.10G(a1)(1)	Animal Waste Management Systems	Annual permit fee to a dry litter poultry facility - For a system with a permitted capacity of less than 25,000 laying chickens, less than 37,500 nonlaying chickens, or less than 16,500 turkeys	\$60	\$71	\$71
143-215.10G(a1)(2)	Animal Waste Management Systems	Annual permit fee to a dry litter poultry facility - For a system with a permitted capacity of 25,000 or more but less than 200,000 laying chickens, 37,500 or more but less than 290,000 nonlaying chickens, 16,500 or more but less than 133,000 turkeys	\$180	\$213	\$213
143-215.10G(a1)(3)	Animal Waste Management Systems	Annual permit fee to a dry litter poultry facility - For a system with a permitted capacity of more than 200,000 laying chickens, more than 290,000 nonlaying chickens, or more than 133,000 turkeys	\$360	\$427	\$427
143-215.94C(a)	Underground Storage Tank fees	Annual operating fee - each compartment of a commercial underground storage tank that is designed to independently contain a petroleum product is a separate petroleum commercial underground storage tank	\$420	\$498	\$498
143-215.94C(e)	Underground Storage Tank fees	Annual operating fee - late fee for owner or operator of a commercial underground storage tank who fails to pay an annual operating fee due under this section within 30 days of the date that the fee \$5 per day	\$5	\$6	\$6
143-215.119©	Wind Energy Facility	Permit fee for proposed wind energy facility or proposed wind energy facility expansion lesser of \$200 per megawatt or \$50,000	\$200	\$237	\$237

Statutory Reference	Program	Fee Type	Current Fee	Statutory Change	Recommended Change
143-215.125A	Wind Energy Facility Annual Late Fee	Annual fee of \$75 per permitted megawatt of capacity payable on or before Sept 1 for the previous fiscal year and late fee of \$75 per month per permit that annual operating fee is late	\$75	\$89	\$89
143B-279.13(b)	Express Permitting	Express Application Review shall not exceed \$5500	\$5,500	\$6,523	\$5,808
143B-279.13	Express Permitting	Express Application Review shall not exceed \$4500	\$4,500	\$5,337	\$4,752
143B-279.13	Express Permitting	Express Application Review shall not exceed \$4000	\$4,000	\$4,744	\$4,224
