PROCLAMATION

RE: SNAPPER GROUPEX COMPLEX – RECREATIONAL – GOLDEN TILEFISH – CLOSURE

This proclamation supersedes proclamation FF-10-2025 dated January 22, 2025. This proclamation closes the recreational harvest of golden tilefish due to the 2025 recreational annual catch limit being met. The recreational golden tilefish fishery will re-open on January 1, 2026. Please see the following NOAA Fishery Bulletins for more information: <https://www.fisheries.noaa.gov/bulletin/noaa-fisheries-announces-2025-recreational-fishing-season-golden-tilefish-south>

Kathy B. Rawls, Director, Division of Marine Fisheries, hereby announces that effective **12:01 A.M., March 22, 2025**, the following restrictions will apply to the recreational fisheries for snapper grouper:

I. Permit Requirements

- A. It shall be unlawful to sell or offer for sale any species of the snapper grouper complex taken or possessed under the recreational bag limits specified in 50 CFR Part §622.187(b) unless the vessel owner has been issued a valid Federal Commercial South Atlantic Snapper Grouper Permit.
- B. For a vessel with both a valid Federal South Atlantic Charter/Headboat Permit for snapper grouper and a valid Federal Commercial South Atlantic Snapper Grouper Permit it shall be unlawful to exceed the recreational bag limits for snapper grouper species when fishing with more than four persons (including captain and mate) on board, or when carrying paying customers.
- C. For a vessel with both a valid Federal South Atlantic Charter/Headboat Permit for snapper grouper and a valid Federal Commercial South Atlantic Snapper Grouper Permit it shall be unlawful to sell or offer for sale any species of the snapper grouper complex harvested when fishing with more than four persons (including captain and mate) on board or when carrying paying customers.

II. Black Sea Bass, south of Cape Hatteras (35° 15.0321' N. Latitude)

- A. It shall be unlawful to possess black sea bass less than 13 inches total length.
- B. It shall be unlawful to possess more than seven (7) black sea bass per person per day.

III. Groupers

- A. It shall be unlawful to possess speckled hind, warsaw grouper, Nassau grouper, and goliath grouper.
- B. It shall be unlawful to possess black grouper or gag grouper less than 24 inches total length.
- C. It shall be unlawful to possess red grouper, yellowfin (fireback) grouper, yellowmouth grouper or scamp less than 20 inches total length.
- D. It shall be unlawful to possess shallow water grouper species taken from the waters under the jurisdiction of North Carolina or the South Atlantic Fishery Management Council except from May 1 through December 31 each year. Shallow water grouper species include gag

grouper, black grouper, scamp, rock hind, red hind, coney, graysby, yellowfin grouper and yellowmouth grouper.

- E. It shall be unlawful to possess snowy grouper except from May 1 through June 30 each year, subject to the bag limits in Section XVII.B.
- F. It shall be unlawful to possess red grouper except from June 1 through December 31 each year, subject to the bag limits in Section XVII.B.
- G. It shall be unlawful to possess from a private vessel more than two gag and two black grouper per vessel per day not to exceed the daily limit of 1 gag or 1 black grouper (but not both) per person per day, whichever is more restrictive, subject to the bag limits in Section XVII.B.
- H. It shall be unlawful to possess from a charter/headboat (for-hire) vessel more than two gag grouper and two black grouper per vessel per day not to exceed the daily limit of 1 gag or 1 black grouper (but not both) per person per day, whichever is more restrictive, subject to the bag limits in Section XVII.B.
- I. For the captain and crew on a for-hire vessel with a Federal or For-Hire Snapper-Grouper Permit, the bag limit for gag and black grouper is zero.

XVII. Combined Bag Limits

- A. It shall be unlawful to possess more than five (5) vermilion snapper and ten (10) of the following species of snappers in the aggregate per person per day when the recreational season for each species is open: silk snapper, blackfin snapper, yellowtail snapper, cubera snapper, queen snapper, gray snapper, mutton snapper and lane snapper. No more than five (5) may be mutton snapper per person per day within the ten (10) fish snapper aggregate.
- B. It shall be unlawful to possess more than three (3) of the following species of groupers or tilefish in the aggregate per person per day when the recreational season for each species is open: gag grouper, black grouper, snowy grouper, misty grouper, red grouper, scamp, rock hind, red hind, coney, graysby, yellowedge grouper, yellowfin grouper, yellowmouth grouper; blueline tilefish, golden tilefish, and sand tilefish with the following restrictions:
 - 1. No more than one may be a gag or black grouper (but not both) per person per day;
 - 2. No more than two gag grouper and two black grouper per vessel per day.
 - 3. No more than one golden tilefish per person per day.
 - 4. No more than two blueline tilefish per person per day.
 - 5. No more than one snowy grouper per vessel per day.
- C. It shall be unlawful to possess more than ten (10) of the following species of fish within the twenty (20) fish per person per day aggregate bag limit when the recreational season for each species is open: whitebone porgy, jolthead porgy, knobbed porgy, saucereye porgy, scup (south of Cape Hatteras, 35° 15.0321' N. Latitude), gray triggerfish, bar jack, almaco

jack, banded rudderfish, lesser amberjack, white grunt, margate, sailor's choice and spadefish.

XVIII. **Harvest Restrictions**

- A. It shall be unlawful to fail to use dehooking tools in the snapper grouper fisheries when the fish is to be released as specified in 50 CFR Part §622.188.
- B. It shall be unlawful to possess any species of the snapper grouper complex without heads and fins intact as specified in 50 CFR Part §622.186.

XIX. **Gear Modifications**

- A. It shall be unlawful to fail to use non-offset, non-stainless steel circle hooks (50 CFR Part §622.2) while fishing for or possessing snapper grouper species while using natural baits as specified in 50 CFR Part §622.188. A non-offset hook has the point and barb in-line with the hook shank (See Diagrams).

- B. It shall be unlawful to fail to possess a descending device on board which is readily available for use while fishing for or possessing snapper grouper species as specified in 50 CFR Part §622.188. A descending device is defined as an instrument capable of releasing the fish at the depth from which the fish was caught, and to which is attached a minimum of a 16-ounce (454-gram) weight and a minimum of a 60-ft (18.3-m) length of line.

XX. GENERAL INFORMATION

- A. This proclamation is issued under the authority of N.C.G.S. 113-134; 113-134.1; 113-170.4; 113-170.5; 113-182; 113-182.1; 113-221.1; 143B-289.52 and N.C. Marine Fisheries Commission Rules 15A NCAC 03H .0103, 03M .0506 and 03M .0512.
- B. It is unlawful to violate the provisions of any proclamation issued by the Fisheries Director under their delegated authority pursuant to N.C. Marine Fisheries Commission Rule 15A NCAC 03H .0103.
- C. The intent of this proclamation is to maintain North Carolina's compliance with the requirements of amendments to the Fishery Management Plan for the Snapper Grouper Fishery of the South Atlantic Region.
- D. The South Atlantic Fishery Management Council has identified best practices for fisherman to reduce the release mortality of red snapper and other snapper/grouper species. A list of these practices can be found in the NOAA Fishery Bulletin: <https://www.fisheries.noaa.gov/bulletin/noaa-fisheries-announces-limited-opening-recreational-and-commercial-red-snapper>. Anglers are encouraged to release fish in a manner that encourages the highest likelihood of survival.
- E. Examples and further descriptions of descending devices can be found in the NOAA Fishery Bulletin: <https://www.fisheries.noaa.gov/bulletin/noaa-fisheries-announces-gear-modifications-snapper-grouper-fishery>.
- F. Anglers are asked to report and log information about their recreational trips and catches through the MyFishCount electronic reporting mobile app (available for free download at the Google Play and App Store), or through the MyFishCount website www.myfishcount.com.
- G. Provisions for multiple day trip possessions for vessels without a valid Federal South Atlantic Snapper Grouper Permit are found in 50 CFR Part §622.187(c). This federal rule states in part that a person aboard a charter vessel or headboat on a trip that spans more than 24 hours may possess no more than two daily bag limits of species other than red porgy. A person aboard a headboat on a trip that spans more than 48 hours and who can document that fishing was conducted on at least three days may possess no more than three bag limits of species other than red porgy. Privately-operated vessels are allowed only one bag limit.
- H. Effective January 27, 2014, federal rules are amended to allow captains and crew of for-hire vessels with valid Federal South Atlantic Charter/Headboat Snapper Grouper Permits to retain bag limit quantities of all snapper grouper species except for blueline tilefish, gag and black grouper during the open recreational season.
- I. Fish harvested under the recreational bag limits may not be sold as part of a state-licensed recreational fishing tournament (50 CFR Part §622.192).
- J. Vessels fishing in or harvesting fish from the EEZ are required to carry the appropriate federal permit when operating as a for-hire vessel. See 50 CFR Part §622.170(b).
- K. In accordance with N.C. General Statute 113-221.1(c) all persons who may be affected by proclamations issued by the Fisheries Director are under a duty to keep themselves informed of current proclamations.
- L. Contact the N.C. Division of Marine Fisheries, P.O. Box 769, Morehead City, NC 28557, phone 252-515-5500 or 800-682-2632 for more information, or visit the division website at <http://www.ncmarinefisheries.net>. For a quick guide to snapper grouper regulations, please see <https://safmc.net/regulations/>.
- M. For the recreational sector, if the Regional Administrator (RA) for NOAA Fisheries Southeast Regional Office determines that weather conditions classified by the National Weather Service at least as severe as a small craft advisory exist, or are projected to exist, in the South Atlantic EEZ, the RA may modify the opening and closing dates of the red snapper recreational fishing season by filing a notification to that effect with the Office of the Federal Register and announcing via NOAA Weather Radio and a Fishery Bulletin any change in the dates of the red snapper recreational fishing season (50 CFR 622.183(b)(5)(iii)).

- N. **This proclamation closes the recreational harvest of golden tilefish due to the 2025 recreational annual catch limit being met. The recreational golden tilefish fishery will re-open on January 1, 2026.**
