Workshop Goal: Identify ways to enhance restoration and protection of wetlands, wetlands hydrology, and increase resiliency of estuarine and palustrine habitats through the use of nature based features.

Workshop Objectives – Participants will:

- Review successful wetland restoration efforts and discuss wetland restoration options;
- Discuss strategies for prioritizing wetland restoration;
- Discuss the role of mitigation for wetland restoration; and
- Learn about and discuss efforts needed to promote greater use of living shorelines

Agenda

12:50pm	Log into Webex
1:00pm	Welcome & Introductions
1:10pm	Overview of CHPP update process – Jimmy Johnson, Albemarle Pamlico National Estuary Partnership
1:20pm	Overview of Coastal Wetland Restoration Efforts - Jenny Davis, NOAA, National Centers for Coastal Ocean Science
1:45pm	Discuss wetland restoration options and strategies
2:35pm	Quick Break
2:40pm	Challenges to and successes of living shorelines – Lexia Weaver, North Carolina Coastal Federation
3:00pm	Living shoreline discussion
3:30pm	Adjourn
