North Carolina Division of Water Infrastructure

Project Applicant: Town of Murfreesboro
Date: April 8, 2020
Project Number: CS370491-04
Estimated Project Cost: \$1,247,460
Estimated Funding Amount: \$1,223,000

Project Description: The proposed project will improvements to two of the Town's pump stations (PS). Improvements at the Carolina Drive PS #6 will include replacement of pump station to include a new wet well, two (2) 200 gpm submersible pumps, pump hoist, new emergency generator with automatic transfer switch, associated valving and vault, electrical, mechanical, yard piping, appurtenances, and demolition of existing pump station. Improvements at the Cotton Street PS #10 will include installation of two (2) new 400 gpm suction lift pumps at existing wet well to replace existing dry-pit lift configuration, new emergency generator with automatic transfer switch, associated valving, electrical, mechanical, yard piping, and demolition of existing dry vault.

The above named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,

Anita E Robertson
