North Carolina Division of Water Infrastructure

Project Applicant: Town of Troutman
Date: January 9, 2020
Project Number: CS370580-05
Estimated Project Cost: \$873,120
Estimated Funding Amount: \$856,000

Project Description: The proposed project will include the following activities to connect the Barium Springs Campus of Children's Hope Alliance to the Town's sewer collection system:

- Demolition of existing CHA-Barium Springs Campus WWTP; and installation of approximately 2,333 LF of 8-inch gravity sewer (to flow to existing Technology Drive Pump Station); and
- Upgrade Technology Drive Pump Station to include replacement of two (2) 82 gpm submerge pumps with two (2) 322 gpm pumps; and installation of 4,500 LF of 6-inch forcemain.

The above named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,

Anita E. Robertson, PE, Supervisor
Wastewater Projects Unit
Division of Water Infrastructure
