

**Inactive Hazardous Sites Branch
CTS of Asheville Summary
(NCD003149556/Former APS# 20358)
Mills Gap Road, Buncombe County**

This is the April, 2010 update of activities directed by the N.C. Department of Environment and Natural Resources that CTS is performing at the Mills Gap Road site in Asheville.

April 2010 Update:

- A conference call was held with NCDENR, MacTec, and CTS on March 15, 2010 to clarify elements of the Phase II Workplan.
- The updated Phase II Workplan was submitted to NCDENR electronically on April 2, 2010. NCDENR will review the workplan and will provide either final approval to proceed or will make alterations to the workplan as needed. Any notation of workplan alterations needed will be provided to CTS within 30 days of receipt of the Phase II Workplan.
