Dry-Cleaning Solvent Cleanup Act (DSCA) Program**

Former Harden Cleaners
DSCA Site ID DC10001

Pursuant to N.C.G.S. §143-215.104L, on behalf of Graham Presbyterian Church, the North Carolina Department of Environmental Quality's (NCDEQ's) private contractor has prepared a Notice of Intent to Remediate a Dry-Cleaning Solvent Facility or Abandoned Site (NOI). The purpose of this Summary of the NOI is to notify the community of the proposed remedy for the contamination site and invite comment on the proposed remedy.

Harden Cleaners formerly conducted dry-cleaning operations at 218 W. Harden Street in Graham, North Carolina. The property is currently vacant and has an address of 220 W. Harden Street. Dry-cleaning solvent contamination in soil and/or groundwater has been identified at the following parcel(s):

220 W. Harden Street, in Graham; Property Index Number 8884-04-5747/Parcel Identification 145514
224 W. Harden Street, in Graham; Property Index Number 8884-04-7716/Parcel Identification 145516

An investigation of the extent of contamination has been completed. A risk assessment of the contaminated properties concluded that the contamination poses no unacceptable risks. A Risk Management Plan (RMP) has been prepared which proposes using land-use controls to prevent current and future risks at the affected properties.

The elements of the complete NOI are included in the RMP which is available online at <https://deq.nc.gov/about/divisions/waste-management/superfund-section/special-remediation-branch/dsca-public-notices-announcements>.

The public comment period begins September 8, 2022, and ends October 8, 2022.

Comments must be in writing and submitted to NCDEQ no later than October 8, 2022. Written requests for a public meeting may be submitted to NCDEQ no later than October 8, 2022. Requests for additional information should be directed to Jay King at (919)707-8367.
