**To:** Solid Waste Managers, Local Emergency Managers, and Public Works Personnel  
**From:** NCDEQ Division of Waste Management, Solid Waste Section

**Subject:** **Disaster Debris Management Workshop**  
**Thursday, June 15th, 2017 – 9:00 a.m. to 3:30 p.m.**  
**Hilton Wilmington Riverside,**  
**301 North Water Street, Wilmington, N.C.**

---

The NCDEQ Division of Waste Management Solid Waste Section is offering disaster debris management training for solid waste managers, emergency managers, and public works personnel. Upon completion of the training, participants will have gained knowledge for decision making and making the preparations required to manage disaster debris. Training will be provided by staff with the Section’s Field Operations Branch, the NCDEQ Division of Air Quality, NCDOT State Maintenance Operations, the NCDPS Emergency Management Public Assistance Program, and the Onslow County Solid Waste Department.

The one-day workshop is free of charge (lunch is on your own). Please pre-register via email by contacting Deb Aja, Field Operations Branch Western District Supervisor at [deborah.aja@ncdenr.gov](mailto:deborah.aja@ncdenr.gov). Please include your title or position, organization, and phone number. Registration will be confirmed in the order received and will close upon filling the training room seating capacity.

**AGENDA**

**9:00 – 9:15: Welcome & Introductions**

**9:15 - 10:45: NCDEQ Division of Waste Management.** Temporary staging and storage of storm debris, site selection, and approval process. Planning guidance to determine the waste generated in the event of various storm events and size of sites needed for disaster debris management.

**Break**

**11:00 - 11:45: NCDEQ Division of Air Quality.** Steve Hall, Compliance Supervisor - Open Burning Regulations, Air Curtain Burners, and other DAQ regulations pertaining to waste management after a disaster.

**Lunch**

**12:45 - 1:45: NCDOT Disaster Recovery Operations.** Joshua Kellen, PE - Disaster Recovery Engineer, State Maintenance Operations.

**Break**

**2:00 - 3:00: NCEM Public Assistance - Debris Planning & Eligibility.** Mary Glasscock, Public Assistance Supervisor - NCEM Public Assistance will present an overview of FEMA debris eligibility, pre-event debris planning, temporary sites & landfills, FEMA’s Alternative Procedures for debris, and other topics of interest driven by audience questions.

**3:00 - 3:20: NC Incident Waterway Debris Response Guide.** Lisa Rider, Assistant Director, Onslow County Solid Waste Department - An overview of the recent guidance developed by NOAA.

**3:20 - 3:30: Wrap Up & Adjourn**
