 - (a) contiguous to North Carolina and located less than $D=Q/12.5$ from the facility, where:
 - (i) Q = emissions of the pollutant emitted at the highest permitted rate in tons per year, and
 - (ii) D = distance from the facility to the contiguous state or local air pollution control agency in miles unless the applicant can demonstrate that the ambient impact in the contiguous states or local air pollution control agencies is less than the incremental ambient levels in 15A NCAC 02D .0532(c)(5); or
 - (b) within 50 miles of the permitted facility.
- (2) "Complete application" means an application that provides all information described in 40 CFR 70.5(c) and such other information that is necessary to determine compliance with all applicable federal and State requirements.

- (7) "Insignificant activities because of category" means:
 - (a) mobile sources;

- (8) "Insignificant activities because of size or production rate" means any activity whose emissions would not violate any applicable emissions standard and whose potential emission of particulate, sulfur dioxide, nitrogen oxides, volatile organic compounds, and carbon monoxide before air pollution control devices, are each no more than five tons per year and whose potential emissions of hazardous air pollutants before air pollution control devices, are each below 1000 pounds per year.
- (9) "Minor facility" means any facility that is not a major facility.
- (10) "Operation" means the use of equipment that emits regulated pollutants.
- (11) "Permit renewal" means the process by which a permit is reissued at the end of its term.

- (17) "Synthetic minor facility" means a facility that would otherwise be required to follow the procedures of this Section except that the potential to emit is restricted by one or more federally enforceable physical or operational limitations, including air pollution control equipment and restrictions on hours or operation, the type or amount of material combusted, stored, or processed, or similar parameters.
- (18) "Timely" means:
 - (a) for a new facility, one year after commencing operation;
