

State Water Infrastructure Authority
Meeting Date: July 18 – 19, 2023
Agenda Item R – Final Priority Rating System for the Community Development Block Grant-Infrastructure (CDBG-I) Program

Division of Water Infrastructure Staff Report

Background

The Community Development Block Grant - Infrastructure (CDBG-I) program is a federally funded community development program in the Department of Housing and Urban Development (HUD) designed to provide grant funds to non-entitlement communities (i.e., incorporated municipalities under 50,000 and counties under 200,000 in population) to carry out housing and community development activities.

The CDBG-I Program is designed to help communities create healthy living environments through financing public water and sewer infrastructure and to mitigate public and environmental health problems in areas where the percentage of low-to-moderate income (LMI) persons is at least 51 percent.

North Carolina General Statute (G.S.) 159G-71 empowers the State Water Infrastructure Authority (Authority) to establish priorities for making loans and grants consistent with federal law. All of the Division's funding programs follow a similar Priority Rating System (PRS) consisting of four categories:

1. Category 1 – Project Purpose
2. Category 2 – Project Benefits
3. Category 3 – System Management
4. Category 4 – Affordability / Financial Situation

The current system provides a consistent and transparent methodology for prioritization that aligns with the Authority's Master Plan and with statutory requirements. The prioritization system supports applicants in their continued efforts toward long-term utility viability and resiliency.

At the Authority's April 2023 meeting, the Authority approved the Draft PRS for public review for the CDBG-I Program.

The Division provided a public comment period from June 1 through June 30, 2023. The following summarizes the comments received, provides staff response to each comment, and includes staff recommendations for action on the PRS. In summary, staff appreciate the comments and recommendations provided.

Public Comments and Staff Response

There were no public comments on the proposed changes to the CDBG-I Priority Rating System (PRS).

However, Division staff decided to combine 2.H.4 and 2.H.5 into one priority rating line item (2.H.4) to simplify the language since both were 10 points. Line Item 2.H.3 is also proposed to be scored at 5 points.

Staff Recommendation

Division staff recommend that the Authority approve the PRS as shown in the attachment.
