Background

Under the Internal Operating Procedures for the North Carolina State Water Infrastructure Authority, adopted by the Authority on February 20, 2014, Article III, Section 2 provides that prior to the first meeting of each calendar year, the Authority shall approve a schedule of regular meetings for the subsequent calendar year (regular meetings).

Note, however, that after the year's schedule has been approved, the Chair is authorized under Article III, Section 2 to make changes to the meeting dates, if required, with at least seven calendar days' notice.

The Authority is required to meet at least four times per year according to NCGS 159G-70(e).
