RIN 2900–AP75

Authority To Solicit Gifts and Donations

AGENCY: Department of Veterans Affairs.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: On July 11, 2016, the Department of Veterans Affairs (VA) published a direct final rule amending its regulation that governs soliciting contributions from the public by officials and employees of NCA, or authorizing the use of officials’ or employees’ names, name of the Secretary, or the name of VA for the purpose of making a gift or donation to VA. VA received two supportive comments and no adverse comments concerning the direct final rule and its companion substantially identical proposed rule published in the **Federal Register** on the same date. This document confirms that the direct final rule became effective on September 9, 2016. In a companion document in this issue of the **Federal Register**, we are withdrawing as unnecessary the proposed rule.

DATES: The effective date of September 9, 2016, for the direct final rule published July 11, 2016, 81 FR 44792, is confirmed.

FOR FURTHER INFORMATION CONTACT:

Thomas Howard, Chief of Staff, National Cemetery Administration (NCA), Department of Veterans Affairs, (40A), 810 Vermont Avenue NW., Washington, DC 20420, (202) 461–6215. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: In a direct final rule published in the **Federal Register** on July 11, 2016, at 81 FR 44792, VA amended 38 Code of Federal Regulations (CFR) 38.603(b), giving the Under Secretary of Memorial Affairs (USMA), or his designee, authority to

solicit gifts and donations, or approve the solicitation of gifts and donations from the public. VA published a companion substantially-identical proposed rule on the same date, at 81 FR 44827, to serve as a proposal for the revisions in the direct final rule in case adverse comments were received. The direct final rule and proposed rule each provided a 30-day comment period that ended on August 10, 2016. No adverse comments were received. Two comments that supported the rulemaking were received from the general public. VA is not making any changes to this rulemaking based on the comments.

Under the direct final rule procedures that were described in 81 FR 44827 and 81 FR 44792, the direct final rule became effective on September 9, 2016, because no adverse comments were received within the comment period. In a companion document in this issue of the **Federal Register**, VA is withdrawing the proposed rulemaking, RIN 2900–AP74, published at 81 FR 44827, as unnecessary.

[EPA–R04–OAR–2016–0209; FRL–9952–74–Region 4]

Air Plan Approval; Alabama and North Carolina; Interstate Transport—2010 NO₂ Standards

AGENCY: Environmental Protection Agency.

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a revision to the North Carolina SIP, submitted by the

North Carolina Department of Environmental Quality (NC DEQ) on March 24, 2016, and the portions of a revision to the Alabama State Implementation Plan (SIP), submitted by the Alabama Department of Environmental Management (ADEM) on December 9, 2015, addressing the Clean Air Act (CAA or Act) interstate transport (prongs 1 and 2) infrastructure SIP requirements for the 2010 1-hour Nitrogen Dioxide (NO₂) National Ambient Air Quality Standard (NAAQS). The CAA requires that each state adopt and submit a SIP for the implementation, maintenance, and enforcement of each NAAQS promulgated by EPA, commonly referred to as an “infrastructure SIP.” Specifically, EPA is approving North Carolina’s March 24, 2016, SIP submission and the portions of Alabama’s December 9, 2015, SIP submission addressing interstate transport requirements for the 2010 NO₂ NAAQS.

DATES: This rule is effective on October 24, 2016.

ADDRESSES: EPA has established a docket for these actions under Docket Identification No EPA–R04–OAR–2016–0209. All documents in the docket are listed on the www.regulations.gov Web site. Although listed in the index, some information may not be publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. SUPPLEMENTARY INFORMATION:

I. Background

By statute, SIPs meeting the requirements of sections 110(a)(1) and (2) of the CAA are to be submitted by states within three years after promulgation of a new or revised NAAQS to provide for the implementation, maintenance, and enforcement of the new or revised NAAQS. EPA has historically referred to these SIP submissions made for the purpose of satisfying the requirements of sections 110(a)(1) and 110(a)(2) as “infrastructure SIP” submissions. Sections 110(a)(1) and (2) require states to address basic SIP elements such as requirements for monitoring, basic program requirements, and legal authority that are designed to assure attainment and maintenance of the newly established or revised NAAQS. More specifically, section 110(a)(1) provides the procedural and timing requirements for infrastructure SIPs. Section 110(a)(2) lists specific elements that states must meet for the infrastructure SIP requirements related to a newly established or revised NAAQS. The contents of an infrastructure SIP submission may vary depending upon the data and analytical tools available to the state, as well as the provisions already contained in the state’s implementation plan at the time in which the state develops and submits the submission for a new or revised NAAQS.

Section 110(a)(2)(D) has two components: 110(a)(2)(D)(i) and 110(a)(2)(D)(ii). Section 110(a)(2)(D)(i) includes four distinct components, commonly referred to as “prongs,” that must be addressed in infrastructure SIP submissions. The first two prongs, which are codified in section 110(a)(2)(D)(i)(I), are provisions that prohibit any source or other type of emissions activity in one state from contributing significantly to nonattainment of the NAAQS in another state (prong 1) and from interfering with maintenance of the NAAQS in another state (prong 2). EPA sometimes refers to these two prongs jointly as the “good neighbor” provision of the CAA. The third and fourth prongs, which are codified in section 110(a)(2)(D)(i)(II), are provisions that prohibit emissions activity in one state from interfering with measures required to prevent significant deterioration of air quality in another state (prong 3) and from interfering with measures to protect visibility in another state (prong 4).

Section 110(a)(2)(D)(ii) requires SIPs to include provisions ensuring compliance with sections 115 and 126 of the Act, relating to interstate and international pollution abatement.

In a notice of proposed rulemaking (NPRM) published on August 1, 2016 (81 FR 50409), EPA proposed to approve North Carolina’s March 24, 2016, SIP submission and the portions of Alabama’s December 9, 2015, SIP submission addressing interstate transport requirements for the 2010 NO₂ NAAQS. The NPRM provides additional detail regarding the rationale for EPA’s actions, including further discussion of the requirements for prongs 1 and 2. Comments on the proposed rulemaking were due on or before August 31, 2016. EPA received no adverse comments on the proposed actions. All other applicable infrastructure SIP requirements for Alabama and North Carolina for the 2010 1-hour NO₂ NAAQS have been or will be addressed in separate rulemakings.

II. Final Actions

As described previously, EPA is approving North Carolina’s March 24, 2016, SIP revision and the portions of Alabama’s December 9, 2015, SIP revision addressing prongs 1 and 2 of CAA section 110(a)(2)(D)(i) for the 2010 1-hour NO₂ NAAQS.

III. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations. *See* 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, these actions merely approve state law as meeting federal requirements and do not impose additional requirements beyond those imposed by state law. For that reason, these actions:

- Are not “significant regulatory actions” subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- do not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- are certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- do not contain any unfunded mandate or significantly or uniquely

affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- do not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - are not economically significant regulatory actions based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - are not significant regulatory actions subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
 - are not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
 - do not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- The SIPs are not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rules do not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will they impose substantial

direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing these actions and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. These actions are not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of these actions must be filed in the United States Court of Appeals for the appropriate circuit by November 21, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of these actions for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule

or action. These actions may not be challenged later in proceedings to enforce its requirements. *See* section 307(b)(2).

Thiabendazole; Pesticide Tolerances

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes tolerances for residues of thiabendazole in or on the legume vegetable group 6 and foliage of legume vegetable group 7. Syngenta Crop Protection requested these tolerances under the Federal Food, Drug, and Cosmetic Act (FFDCA). This regulation also assigns an expiration date to existing tolerances for bean, dry seed at 0.1 part per million (ppm) and soybean at 0.1 ppm as well as removes a threshold of regulation determination for seed treatment use of thiabendazole on dry pea (including field pea, pigeon pea, chickpea or lentil). Lastly, this regulation establishes a time-limited tolerance on sweet potato. The time-limited tolerance is in response to EPA's granting of an emergency exemption under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). The time-limited tolerance will expire and be revoked on December 31, 2019.

DATES: This regulation is effective September 22, 2016. Objections and requests for hearings must be received on or before November 21, 2016, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the **SUPPLEMENTARY INFORMATION**).
