

# **BROAD RIVER BASINWIDE WATER QUALITY PLAN**

**March 2003**

Prepared by:

NC Department of Environment & Natural Resources  
Division of Water Quality  
Water Quality Section  
Planning Branch  
1617 Mail Service Center  
Raleigh, NC 27699-1617

(919) 733-5083 ext. 354

*This document was approved and endorsed by the NC Environmental Management Commission on February 13, 2003 to be used as a guide by the NC Division of Water Quality in carrying out its Water Quality Program duties and responsibilities in the Broad River basin. This plan is the first five-year update to the Broad River Basinwide Water Quality Management Plan approved by the NC Environmental Management Commission in July 1998.*

# TABLE OF CONTENTS

|                                                                                  |    |
|----------------------------------------------------------------------------------|----|
| Executive Summary .....                                                          | xi |
| Section A - General Basinwide Information.....                                   | 1  |
| Chapter 1 - Introduction to Basinwide Water Quality Planning.....                | 2  |
| 1.1 What is Basinwide Water Quality Planning? .....                              | 2  |
| 1.2 Goals of Basinwide Water Quality Planning.....                               | 2  |
| 1.3 Major Components of the Basinwide Plan .....                                 | 4  |
| 1.4 Benefits of Basinwide Water Quality Planning.....                            | 4  |
| 1.5 How to Get Involved.....                                                     | 5  |
| 1.6 Other References.....                                                        | 5  |
| 1.7 Division of Water Quality Functions and Locations .....                      | 6  |
| Chapter 2 - Broad River Basin Overview .....                                     | 8  |
| 2.1 General Overview .....                                                       | 8  |
| 2.2 Local Governments and Planning Jurisdictions in the Basin .....              | 10 |
| 2.3 Surface Water Hydrology .....                                                | 10 |
| 2.4 Land Cover.....                                                              | 12 |
| 2.5 Population and Growth Trends .....                                           | 15 |
| 2.6 Natural Resources .....                                                      | 19 |
| 2.6.1 Public Lands in the Broad River Basin.....                                 | 19 |
| 2.6.2 Ecological Significance of the Broad River Basin .....                     | 20 |
| 2.6.3 Rare Aquatic and Wetland-Dwelling Animal Species .....                     | 21 |
| 2.6.4 Significant Natural Heritage Areas in the Broad River Basin.....           | 22 |
| 2.7 Permitted Wastewater and Stormwater Discharge Facilities .....               | 24 |
| 2.7.1 Wastewater Discharges in the Broad River Basin.....                        | 24 |
| 2.7.2 Stormwater Discharges in the Broad River Basin .....                       | 26 |
| 2.8 Animal Operations.....                                                       | 27 |
| 2.9 Water Quantity Issues.....                                                   | 28 |
| 2.9.1 Local Water Supply Planning.....                                           | 28 |
| 2.9.2 Water Withdrawals .....                                                    | 29 |
| 2.9.3 Interbasin Transfers .....                                                 | 30 |
| 2.9.4 Minimum Streamflow.....                                                    | 31 |
| 2.10 Physical Impacts to Wetlands and Streams .....                              | 32 |
| Chapter 3 - Summary of Water Quality Information for the Broad River Basin ..... | 34 |

|                                                                                                |                                                                                  |    |
|------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|----|
| 3.1                                                                                            | General Sources of Pollution .....                                               | 34 |
| 3.2                                                                                            | Description of Surface Water Classifications and Standards .....                 | 35 |
| 3.3                                                                                            | DWQ Water Quality Monitoring Programs in the Broad River Basin.....              | 39 |
| 3.3.1                                                                                          | Benthic Macroinvertebrate Monitoring .....                                       | 39 |
| 3.3.2                                                                                          | Fish Assessments .....                                                           | 41 |
| 3.3.3                                                                                          | Aquatic Toxicity Monitoring.....                                                 | 42 |
| 3.3.4                                                                                          | Lakes Assessment Program .....                                                   | 43 |
| 3.3.5                                                                                          | Ambient Monitoring System .....                                                  | 44 |
| 3.4                                                                                            | Other Water Quality Research.....                                                | 45 |
| 3.5                                                                                            | Use Support Summary .....                                                        | 47 |
| 3.5.1                                                                                          | Introduction to Use Support.....                                                 | 47 |
| 3.5.2                                                                                          | Comparison of Use Support Ratings to Streams on the Section 303(d)<br>List ..... | 48 |
| 3.5.3                                                                                          | Use Support Ratings for the Broad River Basin.....                               | 49 |
| Chapter 4 - Water Quality Issues Related to Multiple Watersheds in the Broad River Basin ..... |                                                                                  | 54 |
| 4.1                                                                                            | Overview .....                                                                   | 54 |
| 4.2                                                                                            | Habitat Degradation .....                                                        | 54 |
| 4.2.1                                                                                          | Sedimentation .....                                                              | 54 |
| 4.2.2                                                                                          | Streambank Erosion and Loss of Riparian Vegetation.....                          | 57 |
| 4.2.3                                                                                          | Unpaved Rural Roads and Eroding Road Grades.....                                 | 58 |
| 4.2.4                                                                                          | Channelization .....                                                             | 58 |
| 4.2.5                                                                                          | Recommendations for Reducing Habitat Degradation.....                            | 59 |
| 4.3                                                                                            | Fecal Coliform .....                                                             | 60 |
| 4.4                                                                                            | Urban Runoff .....                                                               | 61 |
| 4.4.1                                                                                          | Rural Development.....                                                           | 62 |
| 4.4.2                                                                                          | Urbanization.....                                                                | 62 |
| 4.4.3                                                                                          | Stormwater Regulations.....                                                      | 63 |
| 4.4.4                                                                                          | Recommendations.....                                                             | 63 |
| 4.5                                                                                            | Golf Courses .....                                                               | 64 |
| 4.6                                                                                            | Protecting Headwaters .....                                                      | 65 |
| 4.7                                                                                            | Instream Mining Operations .....                                                 | 66 |
| 4.8                                                                                            | Color Reduction Strategy.....                                                    | 67 |
| 4.9                                                                                            | Cleveland County Schools' NPDES Permits.....                                     | 69 |
| 4.10                                                                                           | On-Site Wastewater Treatment.....                                                | 69 |
| 4.10.1                                                                                         | Reasons for Septic System Failure .....                                          | 70 |
| 4.10.2                                                                                         | Straight Piping .....                                                            | 71 |
| 4.10.3                                                                                         | On-Site System Inspections and Permitting in the Broad River Basin .....         | 71 |
