Subject: IBT Certificate for Greenville Utilities Commission, Town of Farmville, Town of Winterville, and Greene County

Dear Ms. Nimmer:

The Interbasin Transfer Certificate requires the holders to report annually to the division, and the report shall detail the water use over the calendar year by providing the following information:

1. Interbasin Transfer Calculation

GUC shall calculate daily and maximum-day interbasin transfers taking into account GUC's own metered water use for each billing cycle, with separate data provided for customers in the Tar River and Neuse River Basins. The calculation shall also take into account GUC's monthly average wastewater treatment plant discharge, and the daily bulk purchases from the Town of Farmville, Winterville, and Greene County. GUC shall geocode (via the GUC GIS database) those water customers located in the Neuse River Basin so that the consumptive use for the GUC customers can be calculated. The consumptive use for Winterville, Farmville, and Greene County does not need to be calculated so long as the entire metered water use to these communities is the transfer to each of the respective Basins.

2. Ground Water Use

Farmville, Winterville, and Greene County shall submit their daily metered ground water use as reported to DWR's Ground Water Section for compliance with any CCPCUA permits. The documentation shall note the maximum day water use by each system.

3. Banked Water Summary

Farmville, Winterville, and Greene County shall also provide a banked water summary. Each summary shall include the total volume of banked water available at the beginning and end of the calendar year, an accounting of any day during the year that banked water was used, and the total volume of banked water that was used that day.

4. Compliance with Other Certificate Conditions

The Certificate holders shall also provide a status report of compliance efforts for any other conditions required by this Certificate.

Please accept this report to meet the first requirement for the 2023 calendar year. The Ground Water Usage, Banked Water Summaries, and Compliance with Other Certificate Conditions shall be provided by Farmville, Winterville, and Greene County.

Should you have any questions or need additional information in connection with this report, please contact us at (252) 551-1551.

Sincerely yours,

David W. Springer, P.E.  
Director of Water Resources
